TO WHOM IT MAY CONCERN

Subject : Senoko Repowering Project – Chimney Demolition Works

This is to certify that Balanced Engineering & Construction (BEC) was contracted in January 2009 to carry out the Chimney Demolition Works for Senoko Power Station Stage II Repowering Project.

The demolition of the Chimney was performed with accordance to International Quality & Safety Standards.

The job was completed on schedule and the safety & quality aspects of the works they have performed could meet the requirements of the specifications.

BEC is highly recommended partner in Chimney demolition works.

Yours faithfully,

Toru Mikami
General Manager – Global Procurement Division
